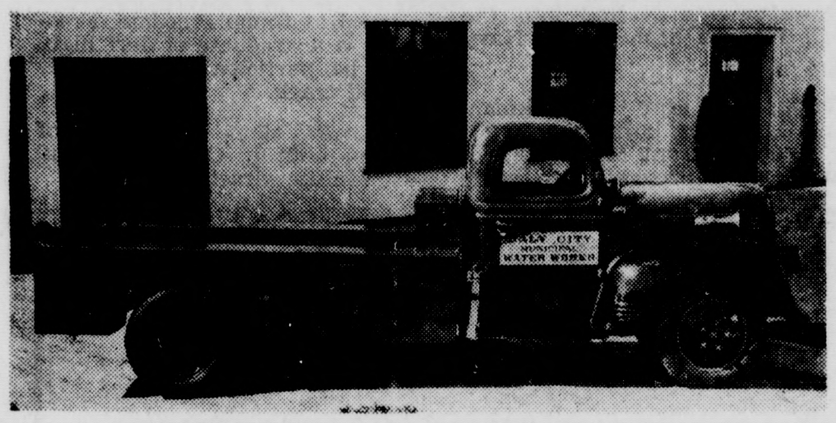
Red Cross Drive Gets In Full Swing

New Truck For Daly City Water Department



A local product throughout, this new pre-war model ton and one-half Dodge truck is now being used by the Daly City Water department.

After a very thorough survey by the department, visits to several other water departments and suggestions from all the water department employees who are to use this truck, a cardboard model was made and presented to the body builder, and Daly City received one of the finest water service trucks in the county.

The body is made of sheet steel welded throughout, with compartments for all sizes of pipe fittings, wrenches, fire alarm equipment, fire extinguisher and pack tank for emergencies in grass and house fires.

It is equipped with red lights and a siren.

This truck will give many years of service and the body is so constructed that it can be readily installed on another chasis.

The city council is now retiring the old Studebaker that gave such faithful service for the past twelve years.

The boys of the water department are proud of this new equipment as it will add to the efficiency of their department.

Edgewood Terrace Subdivision Sets Rapid Pace -- 29 Permits Are Registered

A. J. Bodien states that Edgewood Terrace subdivision is developing rapidly. Twenty-nine permits have been registered for homes facing on Hillside boulevard. Foundations are now being laid.

Grading on the remainder of the tract is proceeding rapidly.

Stoneson brothers expect to start installation of sewers and water lines as soon as grading is completed.

The Pacific Telephone and Telegraph company and the Pacific Gas and Electric company have presented their plans to the city council for power lines, gas lines and street lighting system.

In addition to thirteen hydrants being installed by Stoneson brothers, the city is ordering four fire alarm boxes to protect this district.

The city council was so interested in the development of the tract they had pictures taken from several locations before any activities were started, and as work progresses additional pictures will be taken from the same locations.

A very complete report is being made by the building inspection department on this particular tract as to the construction of every item in each building in addition to the sewer laterals which will be charted and kept on file in this department. This will be helpful for future reference.

Daly City Fire Department Answers Critics Of Local Ambulance Service

The following letter, addressed to the Board of Fire Commissioners, was brought to the Record with a request that it be published:

Board of Fire Commissioners
Daly City Fire Department,
Daly City, California
"Gentlemen:

"It has been called to our attention that a group of citizens have expressed considerable indignation relative to a so-called delay in obtaining an ambulance to care for an accident that occurred on Mission street on the night of March 3, 1945. The gist of the criticism appears to be that while the ambulance was parked only 200 feet from the scene of the accident, approximately one-half hour elapsed before its arrival after the police department was called.

"We are greatly perturbed by this injurious and obviously unjust criticism inasmuch as the ambulance is manned by members of this department on a strictly voluntary basis without pay. It also might be mentioned at this time that these men are the only ones available for this work for the reason that they are trained first-aiders. However, they do not man the ambulance on a 24-hour basis, but are available on call when required. A true statement of the facts covering this case might aid in clearing this unfair and unfortunate situation:

"According to the records of the police department, the report of the accident was received at 11:45 p. m. and the records of the Alemany Emergency hospital indicate that the patient was received at this location at 12:10 p. m., the elapsed time being 25 minutes. Considering that the men involved had to be called by phone and were in bed asleep, which necessitated dressing, driving one or more blocks to the ambulance, examining and dressing the patient for injuries and then transporting the patient approximately one mile to the hospital, we would consider the service excellent in fact it was well-night miraculous.

For these reasons, we of the fire department, naturally resent the unfair criticisms of our first aid men and feel that the citizens involved are most unjust in exaggerating the time of arrival and departure of the ambulance for the hospital. In fairness to the men involved, and to assist in clearing this unfortunate situation, we would appreciate it if the facts as stated in this letter were forwarded to the City Council for a public reading and we would appreciate your advice on this matter."

Not "All Quiet" On Peninsula City Political Front

Judging from fireworks that popped off Monday night in civic circles of two San Mateo County cities, the Peninsula is due for some torrid news on the civic front.

Burlingame, where Mayor Peter Dahl has been serving as chief of police for the past week, has a new chief, but lost two of its three-man Civil Service commission, and may also lose the third. Commissioners Asa Frazier and Arthur Scott resigned Monday night when the Burlingame council elected Captain Rudolph Theuer police chief over Captain John J. Hartnett, who scored considerably higher than Theuer in a recent civil service examination. Norman Dale, the third commissioner said he also was considering resigning.

San Mateo city council chambers were the scene of a big "row" Monday night when Councilman Edward J. Reilly and Creed Haberlin filed charges against City Attorney Ernest Wilson, alleging it was "illegal and unethical" for him to act as attorney for the city of San Mateo and a group of Peninsula Real Estate men at the same time.

Following a stormy meeting, Attorney Wilson was cleared of the charges by a 3 to 2 vote of the council.

Today the American Red Cross is serving on every front. Red Cross assistance to our men in uniform even goes behind enemy lines. Each week all American soldiers held captive in Europe receive a Red Cross food parcel containing eight pounds of canned meats, fruits and other edibles. The Red Cross needs every dollar of the $200,000,000 it is asking. And every dollar contributed to that fund helps to ease the lot of our fighting men. Let's give to keep our Red Cross on the job.

No, It Wasn't Blackstone, But - - -

Had Blackstone the Great made a surprise visit to Daly City? Or perhaps Erle Stanley Gardner had discovered the plot for a new detective story "The Case of the Missing Keys!"

Such were the thoughts that passed through the mind of Johnny Sacaldasis, proprietor of the Daly City Coffee shop as he prepared to close Tuesday night, and found his keys, which he had left hanging on the inside of the front door, missing.

After considerable sleuthing on the part of employees of the Coffee Shop and several friends, it was discovered two tipsy sailors who had been in the place just before closing time, had taken the keys and thrown them in the bushes near Our Lady of Perpetual Help church. They were found after a search, and after considerable pleading and tear shedding on the part of the errant tars, Sacaldasis agreed to let the matter drop there.

INCREASE IN AIR FREIGHT CREATES AIR CARGO JOBS

United Air Lines calls for more men to keep vital war materiel flying

With the tempo of the war in the Pacific increasing daily, United Air Lines is flying the greatest volume of air cargo in its history.

In this vital war work, cargo handlers at the San Francisco Airport are doing a tremendous job of keeping this war materiel moving to all parts of the nation and war zones, the airline reports.

However, with the air transport job increasing as the war is stepped up, more cargo handlers are needed today at the airport.

In addition to the war cargo there is a great volume of domestic air express, mail and other cargo to be loaded and unloaded from Mainliners landing and taking off every hour at the San Francisco Airport.

Cargo handlers find working conditions at United Air Lines pleasant, and co-workers are friendly and helpful to new employees. Transportation to the San Francisco Airport is convenient—busses stop at the gate of United Air Lines. And the airline recently opened a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

To help out in this vital war cargo work, men are urgently needed today. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Ave., or 421 Powell St., San Francisco.

R. E. McDonough, 419 Winchester street, stated to the Record that his brother-in-law, Dale L. Blanton, was among those ex-prisoners of the Japs who made their talks from somewhere in the Philippines.

Blanton, an export manager in Manila before the war, remarked: "I'm free, but I'm still in a daze."

Blanton's son, Dale jr., in the Navy, and his wife were among those who listened to the broadcast.

This was the first broadcast made from the Philippines by former Jap prisoners who have been released through the reconquest of these islands by American forces.

Previous to this, however, many of these same former prisoners had spoken over the radio, but under very different conditions. At that time they spoke as Japanese prisoners.

How to do with eggs

In times like these it's a wonderful thing to know a lot about eggs—for, properly prepared, eggs are the basis for a wide variety of delicious dishes. Listed below is a recipe that takes eggs right out of the breakfast class, but first a few tips, for the proper handling and storage of eggs is important for best results.

DO YOU KNOW?

Egg Equivalents

In most recipes calling for eggs, medium-size eggs are used as the basis for measurement.

4 to 6 whole eggs equal 1 cup
8 to 10 egg whites equal 1 cup
10 to 14 egg yolks equal 1 cup

* * *

To prevent yolk of hard cooked eggs from darkening: Remove from heat and plunge immediately into cold water.

* * *

Eggs should not be washed before storage because water removes the protective coating on the shell essential to keeping quality of eggs.

* * *

Egg yolks store well when covered with cold water, milk or salad oil; covered tightly and stored in refrigerator.

Egg whites store well when covered tightly and stored in refrigerator.

* * *

For best volume eggs should be at room temperature before beating.

* * *

Eggs should always be cooked at low temperatures as high temperatures toughen the protein.

BOILED OR SOFT CUSTARD

(A way with egg yolks)
A delicate, smooth sauce

4 egg yolks
¼ cup sugar
⅛ tsp. salt
2 cups milk
1 tsp. vanilla extract

Beat egg yolks slightly with spoon in top of double boiler; add sugar and salt; mix well; add milk; and cook over rapidly boiling water about 10 to 15 minutes, or until mixture is slightly thickened and coats spoon, stirring occasionally. Remove from stove at once; add flavoring; and pour into cool bowl. Chill before serving. Makes 2¼ cups custard.

CCPT To Cooperate In Public Schools Week Observance

Pledging their cooperation to the coming observance of Public Schools week, beginning April 23, in the same manner "that they have cooperated in each succeeding year since the inauguration of Public Schools week over a quarter of a century ago," the California Congress of Parents and Teachers, through Mrs. J. J. Garland, state president, in a public statement today reminded the people of California that a primary object of the week was to have parents and others interested visit their neighborhood schools.

Mrs. Garland said further:

"The California Congress of Parents and Teachers is looking forward to the 26th annual observance of Public Schools Week, which will be celebrated during the week beginning April 23.

"Every year as the month of April approaches, parents and other interested citizens are invited to visit the schools in their respective localities."

Girl Scout Troop No. 3

At the regular meeting of Girl Scout Troop No. 3, February 2, a project was started for Mother's day.

Adonna Dean completed her second-class test.

Starting Friday, March 16 the troop will meet in the Recreation hall at 101 Parkview avenue at 3:30 p. m.

Girl Scouts To Celebrate Birthday

On March 12 the Girl Scouts will celebrate their 33rd birthday. On this day Girl Scouts and girl guides all over the world will think of their sisters in other parts of the world and of their founders, Lord and Lady Baden-Powell, and Juliette Gordon Low, who founded the first Girl Scouts in the United States.

At this time girl scouts in our country will turn in their contribution to the Juliette Low World Friendship fund, which is used to help children in less fortunate countries. Every penny or nickel the girls donate is sent to National Headquarters. From there it is distributed where it is most needed to help unfortunate children here or abroad.

As a fitting birthday present for our own local Scouts won't you give a few hours a week to help out in the Girl Scout program? Leaders and assistant leaders are needed and it only requires about two hours of your time one day a week for meetings. Please consider your own daughters and their desperate need for the vital training now and do your part to help them to live as nearly a normal life as possible in this time of unrest.

Fast Biscuits

When biscuits are needed in a hurry, just pat out the dough until it's ½ inch thick, then cut into squares with a knife. It's quicker than using a biscuit cutter, since there are no leftovet corners to roll and recut.

Clean Crust

If you will rub, or pinch free from soot, the crust of your kerosene stove wicks, they will give much better service. This should be done every week.

WAC FLIGHT ENGINEER—Pfc. Jane B. Windham, the Army's first WAC crew chief and flight engineer, is now in the European Theater of Operations where her wings are a matter of such curiosity that MPs stop her on the streets and ask her authority for wearing the air crew member's insigna. Her authority for wings came while she was stationed at Gore Field, Mont. She qualified there for the dual rating of crew chief and flight engineer and earned her crew member's wings on many flights from Montana to Fairbanks, Alaska, and cross-country from Montana to Florida. She recently arrived in England for assignment to the Air Inspector's Office of the Air Transport Command's European Division. Before entering the service she was director of flying training for the New Mexico Wing of Women Flyers. She is the daughter of Mr. and Mrs. A. C. Burrows of San Antonio. Her husband is a Lieutenant Colonel in the Army, Arlis L. Windham, also of San Antonio.

On Thursday evening, March 1, Troop 106, whose scoutmaster is Reverend William Hayes, was presented with its charter by John O'Prey, chairman of advancement of San Francisco area council.

Thomas McFadden, senior field executive, favored those present with a very stimulating speech.

On Monday evening, March 5, Troop 148 under the leadership of Scoutmaster Al Zwyssig, was the recipient of its charter. Those present were John O'Prey, Thomas McFadden; neighborhood commissioners, William LaHayes and Robert Byrne; and district commissioner, Joseph A. Powers.

Local OPA Board Tells "Why" Of Recent Shortages

Meat Reasoning — The armed forces are getting 70 percent of all utility grade beef slaughtered under federal inspection. Most of this is going into canned meat products because of the increased demand from front line battle areas. The Army is also taking 60 percent of all choice, good and commercial grades of beef handled by federally-inspected slaughter houses and which meets Army specifications.

As all packing plants and slaughter houses are not under federal inspection, about 50 per cent of the better grades of beef is available for civilians, including institutions, restaurants and hospitals as well as home users. On canner and cutter grades of beef, the grades sold for canned meat products, the Army take is 80 per cent.

Pork supplies are limited because 26 per cent fewer hogs than last year are now being slaughtered. Of this smaller pork total, the Army is taking about 40 per cent. Much increase in pork on the market is not expected until the 1944 pig crop comes to market in April, May and June.

Potato Shortage — The story of the scarce spud started with a drought during the summer of '44 in the small-producing states. These states that normally take care of their own potato wants during the season began drawing on the potato supply in the large-producing states much earlier than usual.

V-Gardens

Recent surveys show that about 18,500,000 victory gardens were kept in the U. S. in 1944. Farmers planted 6,000,000 of the total and the rest were in cities, towns, or suburban areas. The report states that 88 per cent of the nation's farmers and 44 per cent of the urban residents planted gardens in 1944.

A job for a man who's fairly husky

You don't need muscles like Lionel Strongfort and you don't need experience to handle this job. Furthermore, we'll be glad to have you even if you can give us only a few days at a time. The work is handling freight with Southern Pacific . . . loading, unloading cars, a lot of it vital war freight for the Pacific war fronts. It's no ladyfinger job but still, nothing an average man can't do. Good gang to work with. New, higher railroad pay. Liberal age limits. A chance to hook on to a solid job with a big company. Come on down and see us. We've got a hunch you'll like it. Essential industry.

Daly City Juniors Still On Rampage

With right fielder Dickey having a perfect afternoon at the plate with four hits in four times at bat, Daly City Juniors easily bested Frank's Valley Creamery 8 to 1 at Bayview park Sunday. This was a non-league game for the Daly City lads, who drew a bye in their regular San Francisco Recreation Department league.

Currier, first sacker, also played a prominent part in the winners' 15 hit attack with 3 for 5. McGovern, winning pitcher, gave up five hits.

Bright Fish

The dolphin fish are a bright, iridescent, metallic silvery-blue. In a matter of minutes, after the moment of death, they begin to change color, almost chameleonlike. They fade perceptibly, losing their live sheen, and become a dull, muddy, olive-blue.

GARDEN for VICTORY

The time is here and the need is urgent for steady and serious work in your Victory Garden. Every bunch of vegetables and every bowl of berries and fruit you grow at home aids in the tremendous task of feeding the men and women who are fighting for us.

Let's do it again this year. Top the total of more than eight million tons of food grown in Victory gardens during the peak year of 1943. You will help food rationing. You will release more commercially grown and packed foods to our men and women in active service. You will help nourish back to health our men and women who lie in hospitals dreaming of their happy homecoming.

Dig hard, dig deep, dig often and keep a rotation of crops growing in your Garden for Victory. There is health and muscle tune-up in every spadeful of earth you turn over. There is nutritious good eating in every garden-fresh morsel of food you eat from your own garden. Plan—work—plant—*now* and keep at it.

Drama

Tomorrow's assembly will feature the dramatics class in a one-act play entitled "The Jeweled Hand."

The cast includes Willadean Colby, Jim Ellet, Audrey Kusber, Esther Morgan, Virginia Nestor, George Sabins, and Bob Statton.

Miss Barbara Schmidt, dramatics instructor, announced that the play "Her Fatal Beauty" will be presented the week after Easter.

Jeff Naturalists

Activities on the Jefferson Naturalist calendar for the remainder of the school year include a trip to Moss Beach on Sunday, March 18; another to Tamalpais in April; and the annual overnight trip to the San Mateo Memorial park some time in May.

New Chairman

Ed Boyle has been chosen to serve as entertainment committee chairman this term.

Next dance is scheduled for April 6.

Basketball Awards

Awards for both Varsity and 130's basketball were given out by Coach Elman Rose, Thursday, March 1.

Awards were made to the following Varsity players: Jerry Galindo, Bill Bryant, Charles Gardella, Thomas Tromborg, Paul Pizzi, and Eugene Grant, who is now serving in the U. S. Coast Guard.

Bob Evans, who has been manager for four years, received a star, and Derry Danford, assistant manager, received a manager's block.

Charles Gardella was chosen as captain for the Varsity team.

Members of the 130's team who received awards include Ed Denning, Ray Chelone, Don Welsh, captain; George Perada, Art Valverde, Harold Tikkanen, Earl Odell, Roger Hanson, Oscar Giusti, Jim Peterson, and Clayburn Thompson.

Manager Walter Shannon received a manager's block.

Student Variety Show

The student variety show featured in Friday's assembly was enthusiastically received by all students.

Master of ceremonies for the program was Charles Hulse. Entertainers for the day were Beverly Farthing, Joan Randrup, Doris Richards, Henry Soso, Vincetta Turtureci, and Puzzy Firth.

Henry Soso, accordionist, played "Dark Eyes," "Boogie Woogie," and a medley of service songs. Beverly Farthing did a solo tap number, and Joan Randrup and Doris Richards followed with a boogie tap. Vin sang "I'm Beginning to See the Light," "Goodnight, Sweetheart," "One Meat Ball."

It took four-year-old Puzzy Firth to steal the show when he sang 'Accent-Tuate-The-Positive,' played a drum solo, and then a piano solo after having had only four lessons.

All artists were accompanied on the piano by Mrs. Firth.

JUNIOR RED CROSS

The San Mateo County Chapter of Junior Red Cross is taking pictures of the work done by boys and girls in the schools for servicemen who are hospitalized.

Boys in the shop are at present working on fourteen book trucks to be used in hospitals. The trucks consist of three shelves on wheels.

About The Campus!

Lois Kern and Eleanor Cunningham will take the place of Lil Altman and Pat Marocco as vocalists in the Indians of Rhythm.

Pat Marocco, by the way, recently left to begin her training in the Nurse Cadet corps.

First Frosh-Soph baseball game was played last Friday against Burlingame. Burlingame went home with the bacon.

"Ain't" doesn't get by in some classes. For example, in fifth period mechanical drawing the least grammatical error made by a student costs him five cents which is deposited in a little bank. At the end of the term the bank is broken and the class has a party for itself.

Don't be surprised but the Yo-Yo fad has hit Jefferson high.

Another fad: The girls don't use purses anymore. Instead a box splashed with names written in nail polish is satisfactory to them. Then there are the shoes trimmed in nail polish to match.

March 16 is the last call for STUDENT BODY CARDS! Get yours NOW!

News Notes From S. M. Junior College

San Mateo Junior college students and their friends will use the coming St. Patrick's Day as the theme for a dance in the college gym this Friday evening from 9 to 12 o'clock. The gym will have Irish decorations, while the dance itself will be known as "The Shillelagh Shag." Barbara Downie, social chairman, is in charge of the event.

The college has been allotted a quota in the Red Cross War Fund drive and a large committee has been appointed by the JC Red Cross Unit to contact each student and instructor. Last year the college attacked its money raising problem with vim and went far beyond its quota.

Men students recently held their annual Spring Smoker, with Gordon Baker, president of the Associated Men students, in charge of the program.

W. Glenn Ebersole, special representative of the California Medical association, will address the Peninsula Forum Monday evening, March 12, on the greatly argued subject of "Health Insurance." The public is invited.

News From Jeff District Schools

AT JEFFERSON

During the Social Studies period of the seventh grade the children studied important mineral deposits in the united States and the world. Each student made and colored a map of the United States and located its most important mineral deposits on it. They also made a map of the world, upon which they showed other minerals not found in the United States.

The sixth grade Social Science period this week had a "Tell What You Know" lesson. The subject considered was the Ancient Egyptian empire. Susanna Wilson brought to school pictures showing Egypt's art and architecture. Angelina Firpo talked about the Sphinx, and Leo Giannecchino spoke about King Khufu's life and the great pyramid. Ralph Smyer brought a picture of the Rosetta stone and explained its importance to modern historians and how it gave the key to the understanding of Egyptian writing.

All the children in the class are now making booklets of "Egypt and What It Gave the World of Today."

The fifth grade is studying various types of lighting used in Colonial homes, beginning with pine knots, Betty lamps, and ending with Edison's electric light.

Bobby Galobic brought to class some money that was used in the Civil war. Of greatest interest were some coins dating back to 1734. Children never seem to tire of looking at old coins and discussing their probable history.

AT WOODROW

Room 4 saw a film entitled "Reforestation," showing how our forests are regrown.

In Room 9 a discussion of the "First Man and the Lake Dwellers of Switzerland" brought forth investigation as to their mode of living in comparison with ours.

Room 12 pupils are enjoying working on their new scrap books. They are learning the difference between latitude and longitude and how to locate a city or place by knowing its latitude and longitude.

The high fourth grades in Social Science are studying the American Indian of today.. They are finding that the Indian has adopted many of the white man's habits, such as wearing the same style of costume and maintaining a permanent home in one place. Both the Indian and white man enjoy some traveling but not continuous roving.

The children of the high fourth and low fifth listen to the Standard broadcast radio program every Thursday. The last program was about Afra-American music, stressing the music of the African Negroes.

AT CROCKER

Last week the pupils of Room 2 were shown a film entitled, "American Indians." In this picture the students saw some of the strange customs of these first Americans. It correlated with their unit of work, "Pioneer Life."

The students of Room 3 are showing much enthusiasm in their latest paper drive. Already a considerable amount of paper has been collected.

Billy Evans of Room 4 spent the weekend in Sonoma county.

Room 6 welcomed a new pupil, Doris Cerna, from Woodrow Wilson school.

REPLICAS of historic court orders of centuries ago make democratic fashion from priceless museum pieces. A gold-plated sterling Pattee cross was selected by CBS actress Alice ("Mary Marlin") Frost from the series of heraldic symbols introduced by Coro, Inc., in modestly priced costume jewelry. Suspended from a tubular black velvet ribbon, the fine filigree and stone-set decoration can be adjusted to compliment any neckline.

Women Asked To Aid Daly City Girl Scout Organizations In Any Capacity

Many of the emergency war jobs for women are vanishing. Air raid wardens and plane spotters are not urgently needed. Women who took paid jobs as a patriotic service are beginning to come back home.

Back home to what? Certainly not to idleness or routine of dusting and bridge. Too many of these women have learned that they can keep a home and still find time for inspiring, much-needed work outside.

They have training in all sorts of skills from riveting to first aid. They have experience in working with groups of other people in shops or on volunteer committees. And they are women—which means that they have a deep inner knowledge of the importance of home and children, of sound guidance for young people in these unstable times.

Daly City can use women with this skill and experience. By volunteering a few hours a week to such organizations as the Girl Scouts, these women can continue to do important work for war and peace. They can be the friends and advisers of girls who have been too much neglected in this war emergency. There is a place for the women who can demonstrate how to change a tire and the women who will open her kitchen to girls who want to bake cookies for their friends in the army and navy.

One writer in asking for women volunteers as Girl Scout leaders, writes, "Here is an opportunity for young, interested women to do something constructive for the girls of this area. Hitler would like nothing better than to step in ahead of you and direct these young people in the way he would have them go. If you have a way with girls, then here is your job. The things you are doing now are necessary of course, but others can do them as well. The sweater you might knit would be worn out, but young lives you touch in understanding leadership can prove to be the lights in an otherwise dark tomorrow. Don't let the young people down. The Scouts of yesterday are helping win the war today. The Scouts of today will help rebuild a ruined world."

Girl Scout National membership has been boosted from 671,000 at the time of Pearl Harbor to more than a million today. Interest in Scouting in Daly City has brought our local membership in the organization up to nearly 200 members, with waiting lists for every one of the ten troops. Many more women are needed to help the girls continue their Scout training. Here's a real opportunity for the woman who wants to keep on with volunteer work that is important.

Mrs. Hilda Heagney and Mrs. Hazel Marsh, troop organization chairmen for Daly City-Colma Girl Scout Council, will be glad to give information about Girl Scout leadership—a war job with peacetime value. Mrs. Heagney can be reached at RAndolph 8380 and Mrs. Marsh at RAndolph 0690. Both leaders and assistant leaders are desperately needed in this area, and women who enlist in Girl Scouting now will have the thrill and satisfaction of taking an active part in the solving of many of our country's post-war problems.

MODERN ADAPTATION of the quaint French provincial bonnet, worn by CBS actress Marie ("Theater of Romance") Windsor, was originated by Laddie Northridge for early spring days. Delicate moss roses intertwine the hand-wired trellis brim of the black taffeta original.

Do Not Send Cash For Income Tax

Cash should not be sent through the mail to pay Federal Income taxes, Collector of Internal Revenue Harold A. Berliner said today in San Francisco.

Postal authorities and the Internal Revenue will not be responsible for any money lost in the mails.

Personal checks, post office money orders, and cashiers checks are acceptable on payment of Federal Income tax.

The check should cover the exact amount of the tax. Checks greater than the amount of the tax will be returned, as no change is made on income tax payments.

Persons filing returns on Form W-2 Revised should not send any payment, as the tax is computed by the Internal Revenue and a bill is sent if the taxpayer owes more money than has been withheld from his salary.

Persons receiving tax statements for the unpaid half of the unforgiven quarter of 1942-43 tax bill, which they elected to postpone until March 15 of this year, must pay such tax by separate check.

Red Cross Needs Blood Donors

Wanted: six patriotic Daly City adults to donate blood at the Red Cross Blood Donor Service, San Mateo, Saturday, March 17.

This was the plea today from Mrs. Ruth Morris, local chairman for securing Daly City donors. She announced that reservations for this next trip to the center must be made by Saturday, March 10. Call DElaware 6435.

At least six people must sign up for the trip if the Red Cross is to send a station wagon to take the group to and from Daly City. The prospective donors will leave Daly City at 8:45 a. m. from in front of McGraw's pharmacy, 6300 Mission street.

Donor dates set for March include March 17 and 22. Since the local sponsorship began, December 9, 34 people have given blood at the San Mateo headquarters.

Mrs. Morris has been asked to increase the number of people coming from Daly City. For that reason she asks the public's cooperation in this important war service. The miracle of whole blood and plasma at front-line hospitals is known to everyone, Mrs. Morris pointed out.

"Help save the lives of America's fighting men," she urged.

Saturday, March 3 the following local residents were donors at the Red Cross center: Stanford Hannah, second donation; Mrs. Jean Jenssen, seventh donation; Mrs. Cecil Kaley, eighth donation; Mrs. M. Lange, first donation; Mrs. May Leger, second donation; Miss Maximae Morris, sixth donation.

Six donors have signed up for Thursday, March 8.

The following are just a few of the many incidents that make up a week's activities at the local police department:

Roy McKinley, 40 Willits street, reported that while his auto was parked in the lot at Knowles and Willits street, someone broke in the door, stole the gear shift knob and took the valve cores out of his tires.

March 2 an attendant at New San Francisco Auto court reported a fire in cabin No. 8. Companies 1, 2 and 6, also Sergeant Benedetti and Officers Petrocchi and Savage responded.

Joseph Foran, 61 Vista Grande avenue, fell on the stairs in rear of his house and thought his ribs might be broken. Officer Hopman took him to Alemany Emergency hospital for treatment and the doctor there recommended that Foran see his own doctor for X-rays.

March 2 at 12:15 p. m. a U. S. N. ambulance, traveling at 70 miles per hour north on Mission street and San Jose avenue was stopped by Officer Sundermann at San Jose avenue and Alemany boulevard. Driver stated he had an emergency case in the ambulance. Officer reprimanded driver and advised him to cut down speed or else take Junipero Serra boulevard. Chief Bolger contacted Medical Officer Sthretal of the Navy and advised him that the next time this occurs the driver would be cited into court.

Mrs. Lagomarsino, 63 Gambetta street, phoned police department at 8:30 a. m. March 2 and requested aid for Jack Allain, age 10, who had cut his hand on a milk bottle. Jack was taken to Alemany Emergency hospital where his hand was dressed. He was then taken to Mission Emergency hospital for further treatment.

March 2 at 12:50 a. m. police were notified that there was a wreck on Highway 101 at F street. The California Highway patrol was notified and an ambulance sent. Ambulance took John Ed Brown and Peter Baronich, both sailors stationed at Tanforan, to Alemany Emergency hospital.

Officers Savage and Benassini found a bicycle in the lot between Eldrup's and Dr. Shaghoian's office, the evening of February 28. The bicycle was returned to Ted Goodson, 11 Theta avenue, after he brought his mother to the police department to identify same.

Mrs. Wardwell, San Pedro road, fainted at the Lucca Grocery store March 2. Officers responding found that she was in need of hospital care. She was taken to Community hospital in the ambulance by Archie Banfield and Jim Smith.

Jack Keating of San Bruno, and Charles Lorimer of San Francisco were involved in an auto accident at San Pedro road and Mission street, March 4 at 3:30 p. m. Property damage only resulted.

A short in the burglar alarm at the Jefferson high school on March 5 brought Officers Benedetti, Petrocchi and Savage to investigate. A search of the premises showed nothing missing.

San Bruno police called the local department on March 3 to ask if they knew a woman by the name of Mrs. Florence L. Henderson at 6329 Mission street. They said she was hit by the S. P. Lark at San Bruno and killed. Permission was given to Deputy Coroner W. A. Cook to go to Mrs. Henderson's home to see if he could find the address of Mrs. Henderson's brother who lives in Oakland. Officers Hopman and Beecher went with him to look over Mrs. Henderson's papers for the brother's address.

YOUR DRUGGIST IS A *Working Warrior*

● We aren't looking for a hero's halo, or anything of the sort. But we do point out that in war times your prescription pharmacist has a rather important part to play. We share, with your physician, the great responsibility of keeping people well so that our vitally important war work will not be delayed.

If you are feeling a little under par physically, we urge you to call on a good physician. Our part is to fill his prescription—exactly as directed—and at a fair price.
